

Infill/Redevelopment Program Application Process

Application for any requested incentive is required and is made through the City's Community Development Department. An application form must be completely filled out (click on the link titled [Infill/Redevelopment Application](#) on the web page).

Once the application material is received, it is reviewed by a team including representatives from the following Departments:

- City Manager's Office
- Community Development Department
- Public Works & Utilities
- Administrative Services

After the review is complete, the request will be scheduled for presentation to the City Council. The review team will present the information provided by the applicant and make a recommendation to the City Council regarding the provision of a requested incentive. The City Council is the final decision maker.
