The Grand Junction Fire Department responded to 725 29 Road with 6 units and 18 personnel to report of house on fire at this location. E-12 was first unit on scene and reported a structure fully involved threatening two other structures, a large pole barn and a residence. The structure on fire was a storage shed 30' x 20' with considerable contents inside. E-12 called for additional water supply from a water tender and placed hose lines to protect the exposed structures. With the help of two additional engines and their water supply they were able to keep the fire confined to the original structure. With the arrival of the water tender they were able to control and extinguish the fire. An ambulance was dispatched to stand-by at the scene for possible injuries.

The storage shed was a complete loss and damage is estimated at around \$25,000.00 structure and
