INVITATION TO BID

The City of Grand Junction will receive sealed bids at the office of the City Clerk at City Hall, 250 North Fifth Street, Grand Junction, Colorado, 81501, until 2:00 PM on Tuesday, August 5, 2008, for the Ranchmen's Ditch Flood Control Project, Phase II, Part B. All bids will be opened and read aloud at the City Auditorium immediately following the submittal deadline. Phase II, Part B of the project will include improvements from 24 ½ Rd. to 25 ½ Rd. on the south side of Patterson Rd.

Phase II, Part B of the project generally consists of the installation of approximately 2080 LF of 96" RCP or Contech SmoothCor storm sewer, 7320 LF of 90" RCP or Contech SmoothCor storm sewer, 620 LF of 78" RCP, 8 triple Type R inlets, 1 large cast-in-place reinforced concrete junction box, and 4700 LF of 10" ASTM D2241 160 PSI PVC (SDR-26) pressure pipe. Also included are various manholes, subgrade stabilization, asphalt and concrete removal and replacement, lateral connections to storm mains, revegetation, stormwater management plan implementation, and other miscellaneous work elements.

Plans, Specifications, and other Bid Documents may be reviewed at the Administration Office of the Department of Public Works and Planning at City Hall. Copies thereof may be obtained for a non-refundable sum of $120 per set. Plans will be available to interested parties on July 13, 2008. The performance period for major pipe installation activities is November, 2008 through March 2009. Construction of Type R inlets not directly located within the existing ditch shall occur beginning in September, 2008.

The 2007 edition of the "City Standard Contract Documents for Capital Improvements Construction" is also available for purchase.

For additional information, please contact David Donohue, Project Engineer at the Department of Public Works and Planning (Phone No. 970-244-1558).
