Public Works Projects **For the Week of November 5-10, 2007**

(This list is arranged in the order by affect on traffic. Those at the top of the list are MOST likely to impact traffic. New projects are in bold.)

I-70 and 24 Road Interchange Landscaping Project:

Temporary lane closures should be expected through both roundabouts. If required, flaggers will be present depending on what work is being completed for that day. However, the two roundabouts will remain open to through traffic from all directions throughout construction. Construction will continue Monday through Saturday until the end of November.

Riverside Parkway Closures and Impacts:

- North and southbound traffic on US Highway 50 at 5th Street is shifted to the east as construction continues on the bridge.
- Traffic on the Highway 340 bridge over the railroad is shifted to the south. Completion of work on the bridge is expected November 15.
- 4th Avenue at-grade rail crossing is closed to through traffic.
- Noland Avenue east of 5th Street to 7th Street is closed.
- Access to Struthers Avenue from Highway 50 is closed.
- River Road is closed from east of 24 3/4 Road to the entrance to Glacier Ice Arena
- 25 Road is closed south of I-70 B

7th Street Closure

- The southern portion of 7th Street has reopened to traffic from Ute Avenue to the Main Street roundabout.
- The intersection of Rood Avenue and 7th Street is closed for continued construction on 7th.
- 7th Street is closed to through north/south traffic between White Avenue and Main Street.

Walker Field Airport Improvements:

The new roundabout at Horizon Drive and H Road is open. Construction has moved to the front of the terminal, and all passenger drop-off traffic will be detoured through the parking lot.

Rood Avenue Lane Closure:

Rood Avenue is closed to through traffic between 4th and 5th except for access to the Snap Photo driveway and the Alpine Bank teller driveway from westbound Rood Avenue for construction of the Parking Garage. Project completion is late November.
