Our SWAT team got to participate in some great training this week. The scenario-based exercises allowed our operators to practice the evacuation of casualties via CareFlight helicopter, with the assistance of flight paramedics. One of our operators said, "It was incredible training. Hopefully we are a little better prepared for the day the worst case scenario comes." A HUGE thank you to CareFlight of the Rockies for their professionalism and expertise!
IF A YEAR HAS 365 DAYS AND A LEAP YEAR HAS 366 DAYS, THEN ACROSSING TO TIME, HOW MANY DAYS IN A YEAR WOULD HAVE 24 HOURS?

GJRCC 911 Dispatcher since 2014

My most memorable call was talking to an elderly male who wanted to commit suicide. His oldest son was in the military and had just passed away. The male felt like he didn't have anything else to live for. Having a family member that committed suicide, these calls are very close to my heart. I spent quite a while on the phone with this male until law enforcement arrived. The male then thanked me for talking him out of going through with it.
