Thank you for your interest in providing concession or catering services for public events at public facilities owned by the following public Entities: City of Grand Junction, Mesa County, City of Fruita and the Town of Palisade. These public Entities have joined to establish a cooperative process that allows a qualified food vendor to be pre-qualified to work any public event, private- or Entity-sponsored, at any of the facilities owned by the public Entities. In addition, these Entities work with certain private Main Event sponsors to provide information to food vendors (see page 6) and a list of interested vendors to the sponsors.

With this process, food vendors only need to submit the required qualifying documents listed in this packet once annually and then may apply to event coordinators for as many events held at public facilities as they desire (not limited to Main Events). Qualified food vendors will be listed on the Concessionaire and Caterer Information web page serving all four Entities and maintained by the City of Grand Junction. The web page can be found at:

Private- or Entity-sponsored event coordinators are required to choose from the qualified list on the web page if their event is held at a public facility.

Note: This process is not an application for any event. Application for specific events is a separate process. Contact the event coordinator.
