Golf Courses
The Grand Junction Parks and Recreation Department is excited to present this updated facility guide to all of our local residents and visitors. You will find easy access to our parks, trails, golf courses and more.

The mission statement for the City of Grand Junction is “to be the most livable community west of the Rockies by 2025.” The programs and facilities provided by the Parks and Recreation Department will play an integral role in the success of achieving that mission. The energetic staff is dedicated to providing a wide variety of parks and facilities that appeal to all ages while also offering a broad range of recreational amenities. The Department has been recognized as a Gold Medal winner by the National Recreation and Parks Association for our outstanding service to the public.

Throughout this guide, you will find access to Grand Junction’s developed and undeveloped parks, community aquatic centers, municipal cemeteries, developed trail systems, and golf courses. For your convenience, we have developed a user-friendly chart in the center of the guide highlighting all of the major park amenities throughout our system. If you are looking specifically for a dog park, skateboard park, or tennis court, this chart will provide quick access at a glance.

Also included in this booklet, you will find the “Urban Forestry Guide” and “Art in the Parks.” The forestry guide will provide you with good planting and care practices and highlights many of the more commonly grown species throughout the valley. Grand Junction has become well-known for its Arts and Culture, and we are proud to display over twenty innovative pieces in our parks system.

If you have any comments or questions about our facilities, please feel free to contact us. We have included a variety of ways to stay in touch with us. Our online connections provide you with the most up-to-date information regarding our department, and we have provided telephone contact information as well. In addition, you are always welcome to share your thoughts with the Grand Junction City Council, or the Parks and Recreation Advisory Board, the volunteer board that advises the Parks and Recreation Department.

Thank you for your interest in our community’s parks and recreational assets!

**Mission Statement**

*Grand Junction Parks and Recreation is dedicated to providing all people quality recreation and leisure opportunities managed with integrity and professionalism.*

Reservations for picnic shelters can be made by phone with a credit card or in person. Payment is due at the time of the reservation. Call (970) 254-3866  
Check online for availability at [www.gjcity.org](http://www.gjcity.org) and click “Recreation”
Trees play an important role in Grand Junction by improving our environment and our enjoyment of the outdoors. We hope this material will encourage you to plant more trees in a healthy, sustainable manner that will benefit our future generations. The list of trees we have compiled and suggest is not exclusive, as many more varieties thrive and grow in our area. We encourage you to research and explore as our soils and conditions will support many other tree species that will grow in our desert environment.

The key to giving a tree a healthy start and continued strong growth for years to come is understanding and following good planting and care practices.

Do your research, know your site and soil conditions and the tree you want to plant.

• Don’t plant a problem; know the characteristics of the mature tree.
• LOOK UP - Always look to see if you have overhead wires.
• Plan before you plant; be sure the plant fits the space and condition.
• Research what care and growing medium the tree will need before you purchase it.
• Ask your area nursery, arborist, city forester, or extension office about the proper planting, watering, and general care your tree may need.
• Match the tree to the requirements to the location and site conditions where the tree is to be planted. The tree must be able to tolerate situations such as wet or dry soils, poor soils, size limitations, utilities, or shade. Select a tree that is healthy and vigorous.

The Grand Valley is located in a desert environment receiving an average of nine inches precipitation annually. It is essential that plants, trees, and shrubs receive supplement watering throughout the year, including winter. For more information please refer to our “Tree and Shrub” guide at www.gjcity.org
Ash Varieties

*Height: 50’ - 60’  Width: 45’ - 55’  Shape: Oval*

Description: There are several Green Ash varieties. Patmore has a pyramidal to oval shape and is seedless. Summit is more upright, but can produce some seeds. Marshall’s Seedless has a rounded growth form, is seedless and less cold hardy than Patmore and Summit. White Ash is known for purplish fall color. Autumn Purple has been selected for its intense red-purple fall color and is seedless. (Tree shown: Summit Ash)

Austrian Pine

*Height: 50’ - 60’  Width: 20’ - 40’  Shape: Oval*

Description: Hardy, withstanding heat and drought, and clay and alkaline soils. Good for windbreaks. This stately tree can be seen in Parks, along streets, and in residential landscapes. Landscapers use the dark beauty of these trees for backdrops, but it is also an excellent specimen tree because of its leaf pattern.

Bur Oak Varieties

*Height: 60-80’  Width: 55-60’  Shape: Rounded*

Description: The Bur Oak is a tall, fairly slow-growing, long-lived tree, highly desirable for windbreaks, shelter belts, and ornamental use. It has an impressive crown with a massive trunk, stout branches and corky ridges on stems, which makes the Bur Oak a picturesque specimen. Bur Oak acorns have a mossy cap and leaves are 4 - 10 inches long, lobes deep and rounded. Other varieties include Chinkapin, Swamp White, and English.

Canada Red Chokecherry

*Height: 20’ - 25’  Width: 15-20’  Shape: Oval*

Description: This tree is often sold as a large shrub, the leaves of this chokecherry start out green and turning to a reddish purple. Clusters of white flowers in late spring are followed by small, purple cherries suitable for jams and jellies or attracting wildlife. Very hardy; tends to sucker profusely.
**Cottonwood Varieties**

*Height: 40’ - 75’ Width: 15’ - 50’ Shape: pyramidal*

Description: This deciduous (male or female) tree has large ornamental and glossy leaves. It tolerates alkaline conditions and pollutants. Cottonwood trees are fast growing, 4-5 foot of growth per year is not uncommon in good soil. The Cottonwood trees exhibit a yellow fall color. This tree provides good shade and cover for wildlife.

---

**Dawn Redwood**

*Height: 40’ - 70’ Width: 25’ Shape: Pyramidal*

Description: The Dawn Redwood tree has soft needle-like leaves that look like evergreens, a very ornamental and interesting large tree. It is a beautiful and stately tree, well suited for large areas. It makes a very effective, fast growing screen. This tree does best in full sun and when provided with adequate moisture. Loses its foliage in the fall.

---

**Elm Varieties**

*Height: 30’ - 50’ Width: 35’ Shape: Vase-like*

Description: Elm trees are large and grand shade trees. Elm trees grow well even in the most severe urban situations and grows rapidly if conditions are favorable. Elm tree leaves are lustrous dark green in the summer and can vary in fall color from yellow to red. Seeds can be messy.

---

**Fruitless Mulberry**

*Height: 30’ - 50’ Width: 30’ - 40’ Shape: Rounded top*

Description: This tree adapts well to difficult conditions once established. Develops a dense, round-topped crown and is considered a rapid grower. Its deciduous, toothed leaves, yellow-green to lustrous dark green, are extremely variable in form. Young branches have an orange tinge to them, which they lose as they age.
**Golden Rain**

*Height: 30’ - 40’  Width: 35’  Shape: Rounded*

Description: Showy yellow blossoms in early summer followed by papery hanging capsules through October. Adapts to many soil types and tolerates air pollution, drought, and alkalinity. This tree does best in full sun. Good for planting near utility lines and close to paved surfaces. It has a good resistance to diseases. The brilliant flowers blooming into mid-summer extend the flowering season for landscapes. Can be messy.

**Hackberry**

*Height: 45’ - 65’  Width: 40’ - 50’  Shape: Spreading/Round*

Description: This is a large stately tree at maturity. Tolerant of a wide range of conditions, the Hackberry is a good landscape choice. Grows to a broad crown with arching branches. Well-suited to urban areas, it withstands wind and city conditions.

**Hawthorn Varieties**

*Height: 25’ - 30’  Width: 25’  Shape: Pyramidal*

Description: Flowers, leaves, and fruit color vary widely and fruit stays on tree into winter. These trees have a medium rate of growth. Many varieties are available. This is a beautiful ornamental tree. Can be messy.

**Honey Locust**

*Height: 60’ - 70’  Width: 50’ - 70’  Shape: Symmetrical*

Description: A fast-growing tree. Its delicate, open silhouette lets grass grow underneath. Tiny leaflets turn yellow or yellow-green in fall. Pollution, salt, and drought tolerant. Adapts to a wide range of soils. Prefers full sun. Older varieties can develop seed pods and thorns. Very susceptible to mites.
Kentucky Coffee

*Height: 60’ - 75’  Width: 40’ - 50’  Shape: Oval, Round*

Description: Picturesque in summer and winter, coarse ascending branches often form a narrow crown. Oval leaflets emerge late in spring, changing from pinkish-tinged to a dark, almost blue-green. Tolerates most conditions, drought and pollution. Pods can be messy. Needs full sun. Mature specimen can be found in Emerson Park.

Linden

*Height: 40’ - 60’  Width: 30’ - 50’  Shape: Oval*

Description: Beautiful shade tree with light gray, smooth bark and leaves that are a dark, radiant green. Extremely fragrant clusters of yellow-white flowers bloom in late June to early July. Broadly adaptable to local soils. Not recommended for planting under overhead power lines. Subject to scorching in late summer heat. Can be messy.

**Japanese Silk Lilac**

*Height: 15’ - 20’  Width: 12’ - 15’  Shape: Oval*

Description: Excellent small tree with a dense headed oval plant form. Branches are ascending which allows it to be successfully used in smaller spaces. Plant crown is quite dense especially in young trees. Produces large clusters of small, fragrant, creamy-white flowers in late June. Fruit is a capsule that turns from light green to brown as it matures.

**Japanese Pagoda**

*Height: 50’ - 75’  Width: 40’ - 50’  Shape: Broad Round*

Description: This tree has a rapid growth rate. The 6” to 10”, bright-green, pinnate leaves are fern-like. This tree begins to bloom when 10 - 15 years old late summer and early fall with upright panicles of mildly fragrant, creamy-white, pea-like flowers. Flowers are replaced by ornamental yellow seed pods, 6” to 8” long resembling strings of beads. Can be messy.
**London Plane**

*Height: 40’ - 60’  Width: 30’ - 50’  Shape: Oval*

Description: Fast growing tough tree that adapts well to urban sites. Exfoliating bark, large maple-like leaves and ball-like seeds make this tree easily identifiable. Leaves will persist on tree long into winter months. The state champion tree is located in Lincoln Park.

**Maple Varieties**

*Height: 60’ - 70’  Width: 50’ - 60’  Shape: Upright/Oval*

Description: Rapid grower, straight trunk, good branching tendencies, prone to leaf scorch. Sensitive to difficult soils. Can be a challenging tree to grow in the valley. Maple varieties range from ornamental to shade. (Tree shown- Autumn Blaze)

**Ornamental Pear Varieties**

*Height: 30’ - 35’  Width: 25’  Shape: Pyramidal/Oval*

Description: When in bloom the tree is a mass of large white flowers in large clusters. Makes an excellent street tree well adapted to city conditions. Produces small inedible fruit. The fall color ranges from bright orange to clear yellow. Can be messy.

**Ornamental Plums**

*Height: 25’  Width: 25’  Shape: Rounded*

Description: The Purpleleaf Plum should be grown in full sun on well-drained, soil to bring out the richest leaf color. It tolerates slightly alkaline soil. Tolerant of moderate heat and drought, it often succumbs to borers on poor, compacted soil. Will produce fruit inconsistently
**Western Catalpa**

*Height: 50’  Width: 50’  Shape: Broad Oval*

Description: Leaves are medium green, broadly ovate with heart-shaped bases to 10 inches long. Flowers are white, marked with yellow and purple brown, borne in upright panicles 8 - 12 inches tall, almost orchid-like in appearance. Wood can be brittle. The name Indian Bean comes from plant’s long, cigar or bean-shaped fruit. Able to withstand adverse sites. Can be messy.

---

**Scots Pine**

*Height: 60’  Width: 40’  Shape: Oval*

Description: This is a fast growing, irregularly shaped tree. The evergreen foliage consists of short, twisted needles, which are bluish-green and often change to yellow-green in winter. A beautiful evergreen which is hardy and adaptable to nearly all climates. Can be used as either a windbreak or a single specimen. It is a hardy tree that grows rapidly for a pine tree.

---

**Sensation Box Elder**

*Height: 35’ - 45’  Width: 50’  Shape: Rounded*

Description: The Box Elder has always been considered a tree for harsh climates. Sensation adds fine ornamental characteristics to a rather ragged species. It is a seedless, fast growing tree with improved branch structure, and an outstanding display of brilliant red autumn foliage. Recently introduced to our landscapes.

---

**Spring Snow Crabapple**

*Height: 25’ - 30’  Width: 15’ - 20’  Shape: Rounded*

Description: Completely covered with very fragrant white flowers in early spring. An upright dense tree which maintains a round form. Great tree for many applications. Recommended for planting under overhead power lines. This is the only fruitless Crabtree. Many other Crabapple varieties exist.

Municipal Cemeteries

The large cascading trees, lush turf, roses, shrubs, and flowers present an aesthetically pleasing atmosphere for solitude while embracing the memory of someone who has passed on. It is our goal to maintain a warm, serene setting for eternal remembrance.

Orchard Mesa Cemetery

Address: 2620 B ¾ Road
Acreage: 87.0
Office Hours: 7:30 a.m. - 4:00 p.m. Phone: (970) 244-1550
Cemetery Observance Hours: 6:00 a.m. - 10:00 p.m.

Columbarium
Cremation Garden
Traditional Burials

Boulder Placement
Memorial Tree Wall
Scattering Garden

Crown Point Cemetery

Address: 945 23 1/2 Road
Acreage: 8.3
Office Hours: 7:30 a.m. - 4:00 p.m. (2620 B ¾ Road) Observance Hours: 6:00 a.m. - 10:00 p.m.
**Lincoln Park-Moyer Pool**

Address: 2736 Unaweep Avenue
Description: This Z shaped pool is 25 meters by 25 yards with a shallow (2’) wading area, as well as a 12’ diving well. The facility offers a hot tub, indoor waterslide, and inside/outside patio for year-round use. Instructional and exercise classes are offered to the public, and the facility is also used by Mesa County School District 51 and by the local competitive swim teams. Public swim is held daily, and the facility can be rented for private parties during non-public hours.

**Orchard Mesa Community Center Pool**

Address: 2736 Unaweep Avenue
Description: This Z shaped pool is 25 meters by 25 yards with a shallow (2’) wading area, as well as a 12’ diving well. The facility offers a hot tub, indoor waterslide, and inside/outside patio for year-round use. Instructional and exercise classes are offered to the public, and the facility is also used by Mesa County School District 51 and by the local competitive swim teams. Public swim is held daily, and the facility can be rented for private parties during non-public hours.
Description: Born in the era of mashies and niblicks Lincoln Park can still defend itself from the oversized drivers and hot golf balls of today. Located just minutes from historic downtown Grand Junction, Lincoln Park is in a convenient location to improve your game with a visit to the 10-acre practice facility or try a lap around the easy to walk 6678 yard 9-hole course. With smooth rolling subtle breaking greens it is a delightful place to test your golf skills. It has a full service pro shop and snack bar. Lessons, golf cars, rental clubs and pull carts are also available. Tee times may be made seven days in advance by calling (970) 242-6394.
Bordered to the west by the spectacular Colorado National Monument, with splendid views of the Grand Mesa, the world’s largest flat top mountain, and the ever changing Bookcliffs, the newly renovated Tiara Rado golf course is golf and nature at its best. As a member of the Audubon Cooperative Sanctuary program it fledges more than 90 birds a year. It is the only area in the United States to have fledged all three species of bluebirds. Tiara Rado is challenging for any level of skill with four tee areas to choose from and plenty of water hazards to avoid, including the short but ornery moat hole. It has an 18-acre practice area, golf cars, pull carts, lessons, rental clubs, and full service pro shop. Tee times may be made seven days in advance by calling (970) 254-3830.

The Restaurant at Tiara Rado

After a round of golf, sit back and enjoy the culinary delights while taking in the breathtaking views at the restaurant located at Tiara Rado Golf Course. The restaurant is open to the general public every day 7:00 a.m. - 9:00 p.m. during the golf season.
