### **City of Grand Junction Hosts Public Meeting on January 29 for Update on City Park Rules**

**GRAND JUNCTION, Colo. January 23, 2024** – The City of Grand Junction will host a meeting on Monday, January 29 at 5 p.m. in the Hospitality Suite on the 4<sup>th</sup> floor of Suplizio Stadium to provide community members with an update on city park rules and to gather input. A redesign of the signage in City parks will help provide increased clarity and understanding of the rules.

With the redesign, a few changes to the park rules are anticipated. Rules are updated as needed to improve the effectiveness of managing the city's 35 developed parks.

The Parks and Recreation Advisory Board will also discuss the updated rules at their next meeting. It is expected that the signage for park rules will be finalized and installed this spring.

For questions regarding the update to the park rules or any other parks and recreation issue, contact Grand Junction Parks and Recreation at 970-254-3866.
