## **INDUSTRIAL PRETREATMENT SURVEY FOR ALL INDUSTRIAL and COMMERCIAL BUSINESSES**

The United States Environmental Protection Agency requires the City of Grand Junction Industrial Pretreatment Program to regulate industrial and commercial facilities in our service area that generate wastewater that may be significant to the Persigo Wastewater Treatment Facility. To support this requirement, the City performs business and facility surveys and inspections to obtain information regarding facility operations and chemical usage, and to evaluate the significance of a facility's wastewater discharge to the publicly owned sewer system. This survey is a screening tool to determine if additional City requirements are required and to add local commercial and industrial businesses to the City's Industrial Pretreatment database.
