

# GRAND JUNCTION BURN ORDINANCE

## Permanent Fire Pit or Fireplace

A permanent outdoor, wood burning or gas fire pit or fireplace is constructed of steel, iron, concrete, clay, masonry or other noncombustible material(s). A permanent outdoor fire pit or fireplace is above ground and purchased or constructed in a manner that attaches the component to a deck, patio or ground such that it is not portable. The design may be open or may be equipped with a chimney and/or a hearth. Fuel source may be wood or gas. **A permit may be required from the building department.**

Burning of tree stumps, leaves, grass clippings, garbage, trash, rubbish, scrap lumber, tires, etc. is prohibited.

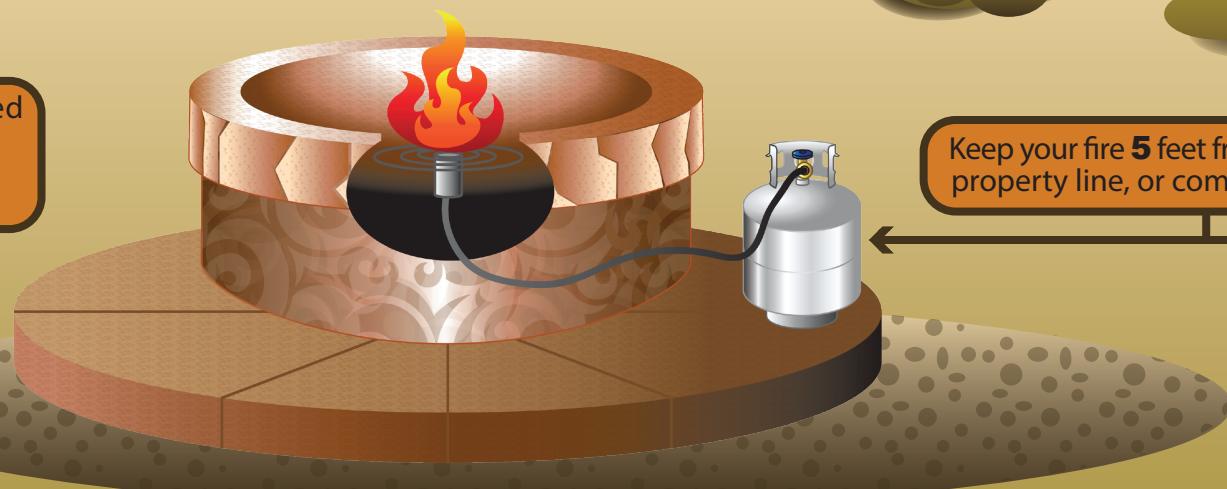

Fire must be constantly attended by a competent adult.

Burning of wood is prohibited during times of sustained or prevailing winds, no burn days, and red flag warnings.

Keep your fire **5** feet from any structures, property line, or combustible material.

Permanent construction utilizing steel, iron, concrete, clay, masonry or other noncombustible material.

An adequate means of extinguishing your fire must be available for immediate use (i.e. water hose, fire extinguisher, etc.)
